“ I have known Scott for over 50 years. We shared much during that time and I almost lived at his house while I was in High School. Mark and I would be there waiting for him to get home from work at ST. E, and spend hours each day playing war games in his spare room. He and his family were like my extended family for years and often I would have dinner there. I will miss him dearly.

*May God bless and keep you Scott.*

“ Scott will be missed. His wry humor and ability to bring light to a dark day is something I was grateful for during the 45 years I have known him. He was always loyal to his friends and generous to a fault. He never judged others but always told me what he thought. My fondest memories were going to his family home on the Saturday's where we gathered to game from early afternoon until late at night, with his father making a big pot of the best chili I ever had.

*God bless Scott.*
